

Questionnaire EIP-Project

"Conservation breeding Schleswig Coldblood horses"

Short questionnaire for foals

Goal:

- ❖ Record the population size of the Schleswig Coldblood
- ❖ Gather information on husbandry and usage of the horses
- ❖ Collect wishes and ideas for the promotion of the Schleswig Coldblood

General instructions for completing this form:

- ❖ The short questionnaire (parts 1 and 2 only) is intended for unweaned foals at foot of their dam. Otherwise, please complete the full questionnaire (10 parts).
- ❖ Please complete the questionnaire for each horse.
- ❖ Multiple answers are possible for most items (except details on owner, horse and the horse's behavior / personality).
- ❖ Please use the free text fields to specify your answers and / or to note uncommon findings not included in the listed options.

We ask you kindly to complete the questionnaire as correctly and accurately as possible, to support getting realistic impression of the horse population and its variability. All information is of course voluntary and treated as confidential.

Contacts for questions:

Coordination and assistance:

Jochen Bettaque (jochenbettaque@web.de or +49-170-3813440)

Assistance:

Gesche Petersen (petersengesche@gmail.com or +49-0157-71309903)

Please send the completed questionnaire by e-mail or post to the following contact:

Dr. Julia Stuhlträger (julia.stuhltraeger@landw.uni-halle.de), Martin-Luther-Universität Halle-Wittenberg
